Certificate & pin will be mailed to Division Lt. Governor for presentation.

The NY District Distinguished Kiwanian Program was originated with PG Jack Harten in 1984-85. The main purpose was to recognize the individual Kiwanian for bringing in a new member and to perform some service projects related to our service leadership programs, club, division & district. We have had variations over the years of the criteria, but the focus has been to recognize the individual Kiwanian at the Division & District level & advance our service leadership & service projects through dynamic participation.
